

November

2010

The mission of NAPM Central Michigan, Inc. is to serve the needs of its members and the profession by providing quality learning opportunities through educational forums, career broadening and mentoring experiences. Additionally, it is our mission to promote increased recognition of NAPM and the growth opportunities offered by the organization.

PRESIDENT'S UPDATE NOVEMBER 2010

Those members who have received and met NAPM-CM qualifications for the CPSM Certification are eligible to receive \$180.00. The application to apply for the \$180.00 award can be found on the web-site www.msu.edu/user/napmcm. The completed application needs to be submitted to the Board.

We are moving forward with the CPSM training program. The dates are set:

Saturday January 29th

Saturday February 12th

Saturday February 26th

Location Jackson Times 9AM – 4PM

One advantage to having the study courses every other weekend allows one to review and schedule to take the exam before the next study course is scheduled.

The content for each module will be on the web-site for each of you to view.

Once again it is important that we can get a commitment from those of you with an interest so that the instructor, Brian Rohrkemper, has all the necessary documents.

If anyone has any questions, please contact me or any Board member.

We have sent out applications for student scholarships to a number of local schools of higher education. If there is a student that you want us to send an application let us know.

We are still in need of volunteers to support the Board and its activities. If there is any interest contact a Board member.

Annual due renewal invoices are being mailed. Please submit your payment early so we are able to have an accurate accounting and provide us time to contact those that may have forgotten.

The Fall Conference planning is moving forward. We have a number of possible topics we have discussed to have speakers address:

Supplier Performance and Evaluation
Financial Risk Management
Negotiations
Supply Quality & Development
Cost Savings
Bid Specifications
Value Stream

We want to design this conference around topics that you, our members, have an interest in that will better serve you and your staff in bringing value and efficiency to your organization. The conference will be local and at a cost far less than having to travel and pay top dollar to attend a National Conference. We need your input.

Finally we want to pass along our regrets to the family of Forrest Kelsey who passed away last month. Forrest was very active in our local ISM affiliate and was awarded the Angell Award in 1993-1994 for his contribution to the growth and improvement to NAPM-CM.

Tim
